

ST NICOLAS

5<sup>th</sup> September 2014

To whom it may concern,

Claus Bruns Raumausstattung GmbH & Co. were contracted by Motor Yacht Saint Nicolas to manufacture new cushions and fabric covers for all exterior deck chairs, sun loungers and loose furniture.

From the first moment of contact through delivery and after sales support the team at Bruns have provided impeccable service and have acted in the most professional manner.

The quality of all items produced by Bruns is first class and I believe is of the highest standard available in the yachting industry. Our deck crew appreciates the ease with which the Bruns cushions are able to fitted quickly and accurately thereby reducing their set up time significantly when compared to the original fitted cushions.

The Owner and family have all praised the quality, appearance and comfort of their new exterior cushions.

I can highly recommend Bruns to Owners, Masters and Designers who expect the best. I would be pleased to expand on this reference if required. I may be contacted by email at [captain@my-saintnicolas.com](mailto:captain@my-saintnicolas.com).

Sincerely,

Stephen Cartwright  
Master, M/Y Saint Nicolas
